

## AUTODESK® PRODUCT DESIGN COLLECTION

This collection is the best way to access the most essential Autodesk software for product and factory design.

### Make great products

#### Get all the right tools

Create your products using the latest design and engineering tools – including Inventor® and AutoCAD® – all from a single package.

#### Connect your workflow

Build a single, complete definition of your product with applications that can reference in and update data created by other disciplines and software – promoting team collaboration and better handling complexity.

#### Prepare for the future

Access the latest in cloud-based design tools and get ready for the Future of Making Things with Fusion 360.

---

The Product Design Collection includes key products such as **Inventor Professional**, **AutoCAD** and **Navisworks Manage** in addition to other software included. Go to [www.autodesk.com/productdesign](http://www.autodesk.com/productdesign) to see the full list of products included in the Product Design Collection.

#### Executive

### Driving better outcomes

#### Get more for your money

Take advantage of significant cost savings when purchasing multiple Autodesk software solutions as part of a collection.

#### Support your business today and into the future

Stay ahead of changing business needs with access to a wide selection of the most essential Autodesk software used in your industry – while enjoying a steady stream of new releases and product enhancements for improved workflows.

#### Manage operational costs more effectively

Reduce operational costs (IT and procurement spend) by standardizing on a collection of technology flexible enough to suit the needs of a majority of your users.

#### IT Manager

### Smarter software management

#### Simplify software management

Streamline deployment and software management with a standardized collection of Autodesk products and services.

#### Streamline the procurement process

Eliminate additional paperwork and unnecessary procurement cycles by selecting a collection that includes all the technology your users will need – now and in the future.

#### Optimize IT spend

Take advantage of significant cost savings when purchasing multiple Autodesk software solutions as part of a collection – giving your users access to more technology while reducing IT costs.

## PRODUCT DESIGN COLLECTION

One essential set of design and engineering tools for product and factory design.

### Desktop

AutoCAD  
AutoCAD Architecture  
AutoCAD Electrical  
AutoCAD Mechanical  
Factory Design Utilities  
Inventor Professional  
Navisworks Manage  
3ds Max

### Cloud

AutoCAD 360 Pro  
Fusion 360  
ReCap 360 Pro  
Rendering in A360  
Storage (25GB)

#### **AutoCAD**

Design and documentation software

#### **AutoCAD Architecture**

AutoCAD functionality, plus tools just for architects

#### **AutoCAD Electrical**

AutoCAD functionality, plus electrical design CAD features

#### **AutoCAD Mechanical**

Mechanical design and drafting software

#### **Factory Design Utilities**

Conceptualize, plan, and validate manufacturing facilities

#### **Inventor Professional**

Mechanical design and 3D CAD software

#### **Navisworks Manage**

Project review tools for integration, analysis, and communication

#### **3ds Max**

3D modeling, animation, and rendering software

#### **AutoCAD 360 Pro**

Upload, open, and edit DWG files on the go from a web or mobile app

#### **Fusion 360**

Cloud-based 3D CAD/CAM/CAE software for product design

#### **ReCAP 360 Pro**

Reality capture and 3D scanning software and services

#### **ReCAP 360 Pro**

Fast, high-resolution renderings in the cloud
